

On September 23, Yuan Guangrong, - deputy magistrate of Pucheng County, Zhang Jun, - deputy director of the Public Security Bureau, Yan Jianjun, - director of Safety Supervision Bureau, and other officials visited West China Cement's Pucheng plant for a safety inspection before National Day.

Senior management of the Pucheng subsidiary presented the safety production measures of Pucheng plant to the government officials and detailed the plant's security management plans for the coming months of the year. The plan focused on five aspects: the establishment of security agencies, training to raise staff security awareness, building up system and procedures, security, investigation and rectification of hidden dangers and ensuring a stable and secure enterprise during the National Day holiday and Mid-Autumn Festival.

Magistrate Yuan highly praised the Company's efforts and commitment to safety and security measures. He advised the Company to continuously enhance the establishment of system and procedures as well as strengthening security checks and inspection efforts, implementing security measures to ensure workers enjoy a happy and peaceful festival.
