

The Vice Chairman of NPC Standing Committee Visits Lantian Plant

On 30 June, accompanied by Mr. Li Xiaodong, Deputy Director of Shaanxi Provincial People's Congress, Mr. Li Yi, County Secretary of Lantian City and Ms. Chen Zhili, Vice Chairman of NPC Standing Committee visited Lantian Plant to view the implementation of “Law of the People’s Republic of China on Promotion of Cleaner Production”.

Mr. Tian Zhenjun, Vice President of West China Cement Limited (WCC), Mr. Wang Jianli, Technical Director of WCC and Mr. Liu Jianjun, Assistant Manager of Lantian Plant extended a warm welcome to them. Firstly, Mr. Tian Zhenjun gave a brief introduction on WCC and then the implementation of “Law of the Peoples Republic of China on Promotion of Cleaner Production” in the company.

Later, Ms. Chen Zhili visited the waste heat power generation plant and highly praised the application of this technology. She also fully recognized the progress that WCC has achieved on the implementation of “Law of the Peoples Republic of China on Promotion of Cleaner Production” and the high priority given to environmental protection as well as comprehensive utilization of resources. She also required the officials of the departments who accompanied her to make plans and ensure effective performance of responsibilities to fulfill the promotion of cleaner production.
