

WCC selected into “Top 500 China Building Materials Enterprises 2012”

The “Top 500 China Building Materials Enterprises 2012” press conference has been recently held by China Building Materials Enterprises Management Association in Beijing. WCC was finally ranked the 80th place. WCC was also selected as the top 100 fast growing building material enterprises and the top 100 private building material enterprises at the conference. These 500 companies were selected from 14 various industries including cement manufacturing, glass manufacturing, architectural ceramics manufacturing, aluminum profile manufacturing, new material manufacturing, etc.

CEO of WCC, Mr. Tian Zhenjun (L:6, first row), attended the press conference
