

WCC and Sinoma-EC Established Strategic Cooperation

On 22 December 2012, WCC's Chairman Mr. Zhang Jimin and CEO Mr. Tian Zhenjun had a meeting with Sinoma Energy Conservation Co., Ltd. ("Sinoma-EC") in Tianjin and a strategic cooperation agreement was signed by two companies, which marked a crucial step between WCC and Sinoma-EC on mutual benefit and collaboration in residual heat recovery system. It also indicated that both parties will carry out profounder and better cooperation and development in such field.

Besides, Mr. Hu Yeming (CEO of Sinoma-EC) and Mr. Tian Zhenjun (CEO of WCC) also signed the general contract for construction of residual heat recovery system in Fuping Plant of WCC.
