

The WCC representatives led by Mr. Tian, the CEO of WCC, visited Italcementi Group

In early May, the WCC representatives led by Mr. Tian Zhenjun, the CEO of WCC and Mr. Wang Jianli, Vice CEO of WCC, paid a visit to Italcementi Group in Italy. Accompanied by Mr. Federico Vitaletti, the CEO of the Innovation and Research Center (the “new i.lab”) of Italcementi Group, and Mr. Girolamo Veronese, the Global Marketing Director, WCC representatives visited the new i.lab and the Calusco cement plant in Bergamo, Italy.

The visit aims to build up a learning and communication platform with a global outstanding cement enterprise and further deepen the cooperation with Italcementi Group in the fields of energy conservation and environmental protection, technical innovation, operational management and security management, etc.
