

Power rate saving by Xunyang Plant

Recently, Shaanxi Development and Reform Commission announced the "Shaanxi power consumers and power generation corporations directly trading access user list of 1H 2015" on the official website. Xunyang plant of WCC has been included in the list. According to the communication between Xunyang plant and other power generation enterprises on the shortlist, the initial estimated electricity price will drop by more than RMB0.03 /kwh, and about RMB 2 million of power rate can be saved each year.
