

Guo Jingbin, Chairman of Conch Venture (“CV”), visited headquarter of WCC

Li Daming, Vice General Manager of CV, Shu Mao, Board Secretary of CV and Guo Jingbin, Chairman of CV visited the headquarter of WCC on Jan 04. They were warmly welcomed by Zhang Jimin, Chairman of WCC, Ma Zhaoyang, Director of WCC and Ma Weiping, CEO of WCC and Wang Jianli, General Manager of YaoBai Environmental& Technology Co., Ltd.

After the New Year greeting, both parties expressed the intention to deepen the comprehensive cooperation and to achieve a win-win situation. Mr. Guo said, with the good foundation and cooperation between WCC and CV, Fuping project duly completed and put into operation with the efforts of both parties. It not only realized the local

economic benefits but also made contribution to the circular economic development as well as reflecting the social responsibility of big enterprises. Finally, Mr. Guo hoped both parties can deepen future cooperation and seek more cooperation opportunities in North West areas through the platform of Yaobai Environmental& Technology Co., Ltd.

Mr. Zhang stressed that WCC and CV build up a deep friendship through a year of long cooperation practice in Yaobai Environmental & Technology Co., Ltd. It has proved that there was a broad prospect of cooperation between CV and WCC in the industry of solid waste and domestic garbage disposal by cement kiln. On behalf of the board of WCC, he thanked CV for their great support and expressed that WCC will assist CV in new construction projects with all efforts and resources.

The visit marked the future cooperation opportunities as well as continuing and steady development to achieve more benefits for both parties.
