

**Mr. Liu Guozhong, Secretary of the Shaanxi Provincial Party  
Committee, led a delegation to visit West China Cement  
("WCC")**

In the morning of November 18th, Mr. Liu Guozhong ("Mr. Liu"), Secretary of the Shaanxi Provincial Party Committee, led a delegation including The governor of Shaanxi Province, Mr. Zhao Yide as well as the relevant leaders of the Provincial Political Consultative Conference and the People's Congress, to visit the Tongchuan Industrial Park, a key project of WCC. The delegation is accompanied by the CEO of WCC, Mr. Ma Weiping and Vice President, Ms. Wang Rui ("Ms. Wang"), during the visit.

During the visit, Ms. Wang gave a brief report on the investment background of the industrial park, the social and economic benefits of the 10,000-ton line. Mr. Liu reviewed the company's latest scientific and technological research as well as the development and product innovation results, affirmed the project development plan and prospects, and hoped

that the company will promote the project to commence production with full efficiency as soon as possible.

Leaders at all levels of the province and cities visited the Tongchuan Industrial Park to inspect and guide the work, injecting new impetus into the high-quality development of WCC. In the next step, WCC will take this inspection as an opportunity to make persistent efforts and strive to make more positive contributions to the transformation and upgrading as well as the high-quality development of the building materials industry in the province and even the whole country.
