

Dr. Ma Weiping Attends the 2021 Industry Leaders Meeting

From April 27 to 28, the 2021 "Roundtable Meeting of China Large Cement Enterprise Leaders" was held in Chengdu, Sichuan. Dr. Ma Weiping, West China Cement Limited ("WCC") CEO, was invited to attend the meeting and speak as a guest representative.

At the meeting, the guests summarized the economic operation of the industry in the first quarter, analyzed the challenges and opportunities they faced, conducted in-depth discussions on the development trends of carbon peaking, carbon neutralization, and the development and application of digital intelligent technology, and discussed and reached an agreement of the content of the "2021 C12 +3 Summit Consensus Opinions", which played a good role in promoting the future of the cement industry to achieve green, low-carbon, and high-quality development.
