

## **RMB35 Billion Will Be Invested in Traffic Construction and Highway Maintenance in Shaanxi Province**

In 2012, RMB35 billion will be invested in traffic construction and highway maintenance in Shaanxi Province.

It's noted that a total of 13 expressway projects are under the construction plan, of which four expressways will be open to traffic this year, namely Shangzhou – Xi'an Expressway, Yulin– Suide Expressway, Xi'an – Xingping section of Xi'an – Baoji Expressway, Baihe– Hubei-Shaanxi border section of Shiyan -Tianshui Expressway. In the meantime, about 3000km of rural highway will be constructed and improved.

In addition, the construction of passenger stations and freight terminals within the province will be accelerated and some toll-gates will be expanded to facilitate a smooth traffic.
