

Maintain key project construction progress to ensure economic growth and quality

The opening meeting of the Third Session of the 12th People's Congress of Shaanxi was held on January 25 in Xi'an. Governor Lou Qinjian delivered the work report to the Congress.

In the Report, Governor Lou mentioned that Shaanxi will give full play to the key role of investment in 2015 to ensure the economic growth and efficiency by focusing on the project construction progress and overall quality.

He also stressed that Shaanxi government will implement a number of major projects (as follows) on the orientation of national policies by lowering the access threshold and promotion of PPP mode, with a view to completing an investment of RMB2.2 trillion in fixed assets, up by 20%.

- To ensure the commissioning of Xi'an to Hefei Double Track Railway, comprehensive management of Fenghe River, the 2nd channel of Tongchuan to Huangling Expressway, Xi'an-Xianyang North Loop Expressway, etc., of which the expressway mileage will breakthrough 5000 kilometers.
- To urge the construction of Central Shaanxi intercity railway, Wubao to Dingbian Expressway, Ankang new airport, Doumen reservoir, Weinan cogeneration, Northern Shaanxi to Weifang transmission line, comprehensive park of the Fourth Military Medical University, etc.
- To further speed up the construction of Xi'an to Baotou Passenger line, Xi'an metro, Road along the Yellow River, Yan'an new airport, Hanjiang-To-Weihe River Water Transfer Project, Dongzhuang reservoir, the Yellow River diversion of Northern Shaanxi, pumped storage power station of Zhen'an, power transmission channel and other major projects.
